"145 miles of choices" The Arkansas River Valley and **Browns Canyon National Monument** offers unparalleled recreational opportunities. More than (25) 14,000 foot peaks surround the valley with the river cutting through and changing the views every few miles. The river source at Leadville, Colorado begins your 145 miles of unlimited offerings, a world of adventure and outdoor opportunities. Explore the possibilities with a customized DVK multi-sport trip. Spend the day running the river or climbing to the sky on the shoulders of a 14,000-foot peak, riding the trails on a mountain bike, exploring ghost towns and natural hot springs. An overnight whitewater river trip will combine with horseback riding, hiking, biking and exploring to take you even deeper into the beauties of the State Park's Arkansas Recreation Area. By foot, trail, river or bike, Dvorak Expeditions offers trips featuring any combination. Let us custom design your 2-5 day stay in the valley.

The Arkansas River is a river that offers a variety of choices. It is possible to combine whitewater runs creating trips from one day to five days over the length of the river.

The Arkansas River starts out with a bang. **The Pine Creek & Numbers**, the highest sections of the river are the most technical and demanding stretch the Arkansas offers. Here only those with previous paddling experience dare to go. You must be at least 18 years of age. CLASS IV-V. After leaving the Numbers the river slices through the solid granite of **Browns Canyon National Monument**, the most popular stretch of the river in the country. It is an excellent single day trip or take time to enjoy the national monument on an overnight adventure which puts in below the Numbers and is a good introduction to multi-day wilderness river trips. The **Salida & Bighorn Sheep Canyon** sections are where the river opens to beautiful views of the snow-covered Sangre de Cristo range, rising to over 10,000 feet above the valley floor. These sections are a good introductory river experience for the whole family and a great first time challenge in whitewater excitement. CLASS II - III.

After passing through the heart of the Arkansas you prepare for the **Royal Gorge** and put your finger to the pulse of excitement. The Royal Gorge was once the place where boaters let the river flow on alone. With today's improved equipment and more extensive guide training and experience the Gorge has become the cutting edge of CLASS IV & V whitewater excitement. **The Royal Gorge and Numbers runs must be earned for paddle crews by successfully completing an introductory swim in the CLASS III rapids.**

ARKANSAS FLOAT NOTES

These float notes will help you prepare for your river trip. There is information on every thing from travel and lodging arrangements, typical weather, and menus to cancellation and refund policies. If you have any questions that are not answered in these float notes give us a call. When reading these notes, it's helpful to have a road map of Colorado nearby.

SEASON

Due to the run off from the high mountain peaks the season starts when the snow melts. Usual season begins in mid-May and will run through early September with good snow pack and possible releases from the dams upstream. High water late May Thru Mid June. Custom fishing trips are available throughout the entire season. These are covered in more detail under fishing trips.

PERMITS - Outfitting since 1969

The Arkansas River is jointly managed as the Upper Arkansas Recreation Area. We operate under special use permit from the Bureau of Land Management located in Canyon City and Colorado's Division of Parks and Outdoor Recreation. We are Colorado 1st licensed outfitter, licensed by Colorado's Division of Parks and Wildlife. All our permits and licenses are your assurance that Dvorak Expeditions is legally operating on the river and that our guides, past performance and qualifications have met detailed requirements and more.

GUIDES & INSTRUCTORS

Our guides are experienced men and women skilled at handling their crafts. They all have current first aid and CPR training and have fulfilled guide qualification requirements in the states of Colorado, Utah and New Mexico. Trip Leaders have thousands of river miles of experience on all classes of rivers including all those Dvorak Expeditions. [GUIDE OR INSTRUCTOR'S GRATUITY IS NOT INLCUED IN YOUR TRIP COST.](#) Always appreciated 10-20% recommended.

YOUR HEALTH

Our river trips are not strenuous, but they are a dramatic change in routine for most people. Although the trip is relaxing, the area is 8,000 feet high and the canyons are somewhat remote, so you should be in relatively good health. Please let us know when you return the release form if you have any health problems or concerns. If you have dietary restrictions, we'll gladly accommodate your needs with sufficient notice.

CAMPING

Campsites on the Arkansas River are limited and we must make the arrangements for Browns Canyon as our overnight stop for the Arkansas Combination trips. Minimum-impact camping practices have enhanced these sites and you'll see few reminders other than foot prints of previous visitors. Your cooperation to keep our river corridor as pristine as possible is appreciated greatly by all.

FISHING & FLY FISHING INSTRUCTION

The Arkansas offers [GOLD MEDAL fishing](#) and the best Trout fishing in Colorado. Our custom float and wade fishing trips are available April - September season. Set up a custom fishing trip any time. Raft and dory float trips down the river to otherwise inaccessible fishing sections. Catch & release; artificial flies and lures only. You must purchase a valid Colorado fishing license.

WEATHER

In the early season (May & June) you can experience cold, changeable high mountain weather. This is high water time. Most days are warm and sunny, but it is best to be prepared for both warm and cold weather (50 - 65 degrees).

PRE-AND POST TRIP ARRANGEMENTS

BY PLANE

Major airports are Denver International or Colorado Springs; rental car or van from there to the Arkansas Valley. Car rentals are available in Denver or Colorado Springs. There are "limited" jeep and domestic rental vehicles available in the Arkansas valley by prior arrangement.

Salida and Buena Vista, Colorado have small aircraft facilities and charter flights only are available with adequate numbers for charter. Arrive in Salida or Buena Vista, Colorado the day prior to the trip

BY CAR

To reach our Browns Canyon/Nathrop Base, 17921 US Hwy 285, Nathrop, CO 81236. FROM DENVER: You will follow Hwy 285 out of Denver all the way to the Base located 5 miles south of Nathrop. It is approximately 160 miles from Denver Airport to the Nathrop Base (4 hours). Mtn road driving is slower but, a beautiful part of the Rocky Mountains and you should allow extra driving time to sight-see. FROM COLO.SPRINGS: use Hwy 24 west connecting with US Hwy 285 north & south towards Buena Vista. Turn south on Hwy 285-11 miles, you will see on the west side our sign just north of the Gas station and Prospector Rock Shop on Hwy 285.

Royal Gorge and Big Horn Sheep Canyon has an optional meeting location for groups: FROM COLO. SPRINGS: take Hwy 115 and Hwy 50 west through Canon City. Meeting @ Parkdale Launch site is about 10 miles west of Canon City on Hwy 50. FROM JOHNSON'S VILLAGE: take Hwy 285 through Nathrop which joins with Hwy 50 east, via Hwy 291 through Salida. Travel @ 60 miles to the Parkdale launch site (Arkansas Headwaters Rec. Area).

Arrive at the appropriate arranged meeting location @ confirmed time (depending on trip) on the first day. You will meet your guides at either DVK Nathrop base or Parkdale launch site. The travel time to the river by bus/van varies with each canyon and start point. Confirm prior to start date.

There is a secure private parking area at the Nathrop base for you to leave your vehicle and belongings. [Parkdale launch site will require a state park parking pass in your vehicle \\$7-10.](#)

TRAVEL ARRANGEMENTS AT TRIPS END

At the end of your day or the final day of your trip, Dvorak's van or bus will either deliver you to the place where you left your car or return you to your lodging or arranged drop off point. "River Time is unpredictable." Please keep this in mind when you make final day commitments.

KAYAK –SUP-RAFT INSTRUCTIONAL CLINICS

The Arkansas River is suitable for the beginner to advanced boaters. **Learn to Raft, Kayak, SUP:** We ask that basic beginner boaters start their KAYAK clinic in a lake to gain knowledge of techniques and basic strokes to be able to move you onto the river for a full day on day 2 or more. Here you will learn to read the river and understand it's hydrology before moving onto more difficult stretches of the river. We have guide service available for the individual who wants to have local knowledge of the best play spots, where to scout rapids, etc. Private lessons are available for individual attention.

You are welcome to bring your own equipment for our instructional clinics or sign up for the clinics inclusive of all equipment. *If you would just like to bring personal paddling equipment and have us supply the boat only etc. that is also acceptable and cuts the rental cost approximately 30% for you.*
